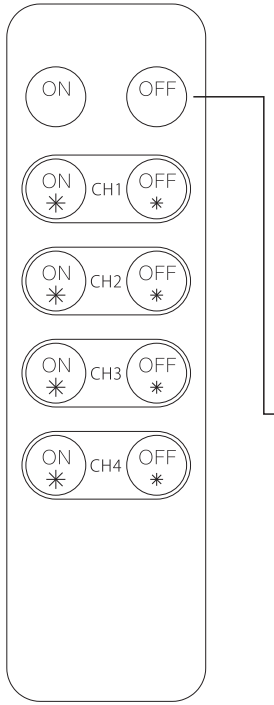
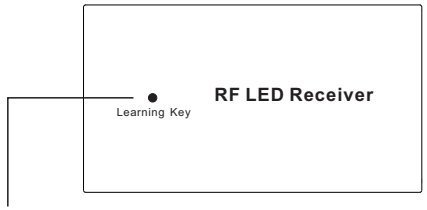
- DO NOT expose the device to moisture.

Pair with RF receiver



Step 1: Do wiring the RF receiver according to wiring diagram(please refer to the instruction of RF receiver that you would like to pair with.



Step 2: Click the "**Learning Key**" button on RF receiver or re-power on the receiver three times continuously to set it into pairing status

Step 3: Click ON or OFF of all lights, LED lights connected with the RF receiver flicker once means the receiver is paired with the remote successfully.

After pairing, click or hold ON ✳ or OFF ✳ of ch1/ch2/ch3/ch4 to control each channel of the receiver separately, If the receiver has less than four channels ,the receiver will not react when operating the extra channels.

Note: one receiver can be paired with max 8 remote controls.
